Microsoft Microsoft supports devices and software that meet the Microsoft Supported Devices List provided on the Web page. Software that is not provided by Microsoft, or that has been unapproved for use with Microsoft Windows, cannot be installed on Windows. These pages do not contain the full list of devices and software that are not currently supported. For the full list, visit the Microsoft Windows Web site at For more information about devices and software that are not currently supported for Windows 7, visit the Page 2 For Windows 7, see Support topics on the WindowsÂ . For the latest information about software and devices, visit the Microsoft Support Web site at A: Actually, I solved this problem. Go to Control Panel > Uninstall a program > Application Select Microsoft Encarta Premium 2009. A: On my Windows 7 machine, looking in the Uninstall a program list for programs with the name Encarta Premium 2009, I found three: Microsoft Encarta Premium 2007 Microsoft Student Edition 2009 "Microsoft Encarta 2011" - Incorrect name, but showing up as a 16.5 MB file. In all cases, the programs are installed in the Program Files (x86) folder. So, at a minimum, run the following Uninstall command: c:\program files (x86)\microsoft encarta premium 2007>Uninstall.exe /UninstallMicrosoftEncartaPremium2008 "Microsoft Encarta Premium 2007" If that does not work, try one of the next two options, from my point of view: c:\program files (x86)\microsoft encarta premium 2007>Uninstall.exe
