Rule of Law and Constancy

You just came to the Land Between from the chaotic world. Young people like you are looking for an opportunity to awaken the glorious power of the Elden Ring and protect the lands. To do this, you need to be willing to fight and overcome all challenges in-game. As long as you choose to rule by law and abide by the basic rules of the Lands Between, you will succeed in governing these lands.

Laws of the Land Between

You can choose to uphold "King's Law" or the law of the "Elden Lord." These laws are established in the game. These laws embody the spirit of the game and "the right way of living." You will be greatly rewarded if you choose to uphold them. These are the "basic rules" of the game. Anyone can kill anyone else if they follow the laws, but this is something of interest to only a few. Those who select another option can also create their own rules and thrive.

Seperation of Powers and Delegation of Authority

Every single thing in the Lands Between has its own role. These roles are divided between all four aspects of the Gods, King, and the three Castes.

The clan system manages the order and living conditions within the land of the Elden Lord and Emperor, and the Dwarven Order manages the resources. The law system manages the laws of the lords, the game is managed by the Chancellor, and the monarchy ensures law order among the other races.

The skills and rights of all castes are divided even within those castes, so you can specialize, develop, strengthen, experiment, and seek change no matter what you are. You can freely select
