EYE ENVYS TRAILER

NO FLAT GRAPHIC CHARACTER

Characters are as independent of one another as possible so that the element of surprise is maintained and the characters appear as they are. The results of skill optimizations that you perform can change greatly depending on how you think about the character.

KEY FEATURES OF THE ONLINE SYSTEM

MULTIPLAYER

If you play with others, your job will be different depending on whether you're playing alone or with others. By teaming up with others, you can cooperate by controlling different avatar dimensions. This allows you to do things like continuously change directions to defeat monsters that are attacking you, or collaborate in defeating a boss.

BATTLE

In a battle, it is possible to interact with a character directly to achieve powerful team-up attacks.

In addition to attacking other players directly, you can instantly join battles other players are involved in.

FAVORITES

Anyone can give me a code example in Kotlin? Thank you A: action bar title is set in the AppManifest.xml file. Add android:showAsAction="ifRoom" to the main action bar's manifest. Now if the app is updated on the Play Store, the title in the action bar will auto-update.
