Sony Sound Forge 9.0 And KeyGen Serial Key

the guy that i got it from sent me the serial number to a sony support page, and they were able to registered. now i just need to get it to update. it seems it's connected to their site and has a blue arrow on it. i guess i will keep checking it. i just called magix and they say the serial number is registered for the product. they also said they have no idea how to get the activation code to work. they are going to look into it for me. we are going to have to wait for them to call back. i just spoke to magix and they said they are still working on it. they will get back to me today. i am still having problems with the keygen, so i don't know if that is the problem. i will keep trying to call them back. just talked to magix again. they still can't find the serial number that was registered for me. they are going to send it to sony for me. i am still having problems with the keygen, so i don't know if that is the problem. i will keep trying to call them back. just talked to magix again. they still can't find the serial number that was registered for me. they are going to send it to sony for me. i am still having problems with the keygen, so i don't know if that is the problem. i will keep trying to call them back. just talked to magix again. they still can't find the serial number that was registered for me. they are going to send it to sony for me. i am still having problems with the keygen, so i don't know if that is the problem. i will keep trying to call them back. just talked to magix again. they still can't find the serial number that was registered for me. they are going to send it to sony for me. i am still having problems with the keygen, so i don't know if that is the problem. i will keep trying to call them back. just talked to magix again. they still can't find the serial number to send they are going to send it to sony for me. i am still having problems with the keygen, so i don't know if that is the problems.
