

this cultural affinity toward young boys for the purpose of sexual pleasure, or lust, is often referred to as shota that is hard to pin down. shota literature and culture are built around the fantasy of big, strong, young kikkō who are used for the pleasure of older, well-endowed men. the fetishization of underage boys in these comic books is meant to arouse sexual desire among men of all ages, including more mature, adult male readers. those of us who are not interested in these images are often perceived as “pansies” in japan, said andersson. tan said that andersson is a strong advocate of the fetishization of underage boys in japan. based on his research and blog posts, she said he often displays a lot of anger toward the lgbtq community and gay people in general for their lack of progress toward a meaningful queer movement in japan. he has also collaborated with artists around the world to take pictures of the nudes of young boys at different stages of their physical development. the guardian , jezebel , and others have reported on this work. he continues to photograph boys on the streets of mumbai, and in rural india. this was highlighted in the documentary film about andersson, darkness will rise by vice uk , which was released in 2015. the paper in question is titled i am not alone we are all alone: using masturbation as an ethnographic method in research on shota subculture in japan. shota is an illustrated japanese comic genre that depicts young, underage boys in sexualized ways or in sexually explicit scenarios.
