

Shutdown8 Portable Crack Free

## Shutdown8 Portable

Shutdown8 Portable is a small software utility that lets you easily and quickly shut down, log off, hibernate, sleep or restart your PC, according to a user-defined schedule. When double clicking the tool's icon, a context menu pops up that displays all the available options. Only when choosing the timer option a window appears, letting you control the countdown and the action it takes at the end of it. All of these make Shutdown8 Portable very easy to work with, whether the person using it is experienced or not. You should also know that the interface supports multiple languages, such as Danish, Russian, French, English, Hungarian and Thai. The countdown can be controlled from the mousewheel or from two buttons present on the screen, a feature that enhances usability. As the name clearly states, this software utility is the portable version of Shutdown8, which means that it does not require installation. After download, all you have to do is extract the files from the ZIP to any location on the hard drive. You can also copy it to a portable device, such as a USB flash drive, and thus be able to use Shutdown8 Portable on any computer that you have access to. Furthermore, the Windows registry does not get updated with new keys and new entries will not be added to the Start menu. All in all, Shutdown8 Portable is a very simple and easy-to-use tool. Features such as the fact it does not require installation and that you can power off at a specified time make it highly efficient and reliable. Features: Automatic shutdown Hibernation Restart Shutdown Sleep Schedule your shutdown, hibernation or restart! Poweroff at a specified time!
